

1. Graduation Celebration: [Link to Blog](#)

This June, A Greater Hope celebrated the Class of 2026.

Thirteen foster and kinship graduates, each honored like the only person in the room.

But for these young people, a diploma was never a given.

Foster youth face placement changes, school changes, and disruption after disruption - and too often, they face it alone.

A Greater Hope refused to let them walk alone.

Every graduate received a scholarship, a college-ready kit, and a family for life.

Take Shareema.

While raising four grandchildren, she went back to school and graduated from Barstow Community College with double associate degrees, Summa Cum Laude.

Her words say it best:

"It doesn't matter what you go through in life.

Don't let it break you.

Let it make you."

Congratulations, Class of 2026.

You'll always be part of the Greater Hope family.
